

Office 2021 Pro Plus (Phone Activation guide)

- 1) Uninstall any existing MS office package in your system and restart your pc.
- 2) Click on this link to download the software <https://officecdn.microsoft.com/db/492350F6-3A01-4F97-B9C0-C7C6DDF67D60/media/en-US/ProPlus2021Retail.img>
- 3) Install downloaded office software.
- 4) Search and open any MS Office app like Word or excel.
- 5) As soon as the app is opened it will prompt to activate the software, select **second option activation by phone**.
- 6) Then you will see an installation ID (**9 set of digits**) on the screen, **you can use google lens mobile app to copy the installation ID because it is in the image format**.
- 7) Visit our website link - <https://glamtechenterprises.com/getcid/>
- 8) Enter your order ID, email ID and the installation ID (**9 set of digits**) and click get.
- 9) As soon as the confirmation ID is generated open your application wizard and click back and this time select first option **activate over the internet** and click next again. In case if you do not have internet then follow the offline method given below
- 10) Copy the generated confirmation id and paste it into the activation wizard carefully and click next. (**Point number 10 is only for those who do not have internet connection**)
